

PA-46

Safety Training

Program '25

Piper Germany is excited to announce a comprehensive safety training event for PA46 pilots and owners this May. The four-day event will take place from May 8th to May 11th. Below is an outlined overview of the program and schedule.

We are accommodating up to 15 attendees. Secure your slot promptly. The third page has a sign-up sheet asking for your preferred aircraft, whether you want to charter or use your own, and if you can charter your aircraft for the event.

We're delighted that our Safety Training is made possible by the generous support of Aeroshell, Garmin®, Pratt & Whitney, and Kassel Airport (Active Firefighting).

Theory Modules . . .

We are excited to offer a variety of theory modules as part of our upcoming safety training event. While the exact modules are still being finalized, we are committed to providing a comprehensive and customizable learning experience. Participants will have the opportunity to select the modules that best align with their interests and needs.

Personalized learning

You will have the flexibility to choose from these modules based on your specific areas of interest. This approach allows you to tailor your learning experience to best suit your individual goals and preferences.

Planned Topics

- › Perception and Information Processing
- › Advanced Flight Dynamics
- › Safety Protocols & Emergency Procedures
- › Aircraft Systems and Maintenance
- › Navigation and Flight Planning

Practical Modules . . .

We are excited to offer a variety of theory modules as part of our upcoming safety training event. While the exact modules are still being finalized, we are committed to providing a comprehensive and customizable learning experience. Participants will have the opportunity to select the modules that best align with their interests and needs.

Personalized learning

Participants will have the flexibility to choose practical modules that align with their training goals. You can select specific types of training and determine the flight time that suits your needs, ensuring a personalized and effective experience.

Planned Topics

- > Navigation & Flight Planning in Practice
- > Emergency Procedures & Simulations
- > Advanced Maneuvering Techniques
- > Instrument Flight Rules Training
- > Aircraft Systems Operation

Pilot & Owner Maintenance . . .

Participants will gain a thorough understanding of the key maintenance procedures specific to the PA46 aircraft. This includes familiarizing yourself with the aircraft's systems, learning to identify common issues, and performing preventative maintenance to ensure optimal performance and safety.

Actual Fire Fighting . . .

We are excited to include a practical fire fighting training module. This hands-on module, in collaboration with the Kassel-Calden Airport Fire Fighting Department, is designed to equip PA46 pilots and owners with essential fire safety and emergency response skills.

Personal Aircraft Care . . .

Participants will learn simple yet effective tricks to uphold the appearance and condition of their aircraft. This includes detailing techniques for both the exterior and interior, focusing on maintaining cleanliness, preventing wear and tear, and preserving the overall aesthetic and functionality of the aircraft.

Schedule

Thursday, 08.05

- > 16:00 - Arrival & Welcome
- > 17:00 - Sundowner BBQ

Saturday, 10.05

- > 09:00 - Training Begins
- > 13:00 - Lunch
- > 20:00 - Closing dinner

Friday, 09.05

- > 09:00 - Training Begins
- > 13:00 - Lunch
- > 18:00 - End of Training

Sunday, 11.05

- > 10:00 - Depart for home
- We will have available slots for Check Flights.

Sign-up

Personal Information

Name:

Email:

Phone:

Aircraft Information

- › Preferred aircraft for training:
- › Would you like to charter, or use your own?
- › Would you make your aircraft available for charter?
- › Desired flight time (hours):

Aircraft Information

- › I am interested in a M700 demo: **Yes** **No**
- › I would like a slot for a checkflight: **Yes** **No**

Accommodation . . .

Accommodation is not included in the safety training, but we're happy to help with hotel and transportation arrangements. We've reserved a block of rooms at Waldhotel Schäferberg and Schloss Hotel Wilhelmshöhe. Let us know if you'd like us to book a room for you.

We value your privacy and are committed to safeguarding your personal information. The details collected in this form will only be used for organizing and conducting the safety training event. Your data will be securely stored and never shared with third parties. This ensures a well-organized, tailored training experience that meets the needs and preferences of all participants.

This sign-up is an expression of interest, not a binding contract. Once we know the number of participants, we will plan accordingly and provide further information on pricing.
